Co-creating ways they beckon to and speak with each other

way of opening

imaginal opening

charismatic opening to

universal and archetypal awareness

the reality of the presence between

the dynamic ground of embodiment

subtle realms

by means of

visioning subtle realms

idiorectal opening

visioning world futures

imaginal opening

engaged perceiving

sensory participation

empathic communion

way of celebration

way of art

way of action

way of new beliefs

values: what is intrinsically worthwhile, basic human rights

norms: guiding principles of action

facts: nature of our realities

life prompts in the belly

goal setting and action planning

social justice

environment

wide world

community

work life

personal life
